Industrial Certificate by

Placement Exposure:

After getting huge success in Quality Training Delivery, We started getting many calls from major IT Giant based in Indore & Pune.

We are the first institute in Central India who started conducting Off-Campus recruitment for our students. Many IT Company took interest on hiring candidates from us and few of them coming regularly to hire the best talent.

We will also provide placement exposure to the candidates who participate in our Training Programs.

Below IT Companies Hired Resources from Online School of Programming/Octopus an IT Finishing School

		
		
		
		

Also, we invited many other IT Companies to conduct their campus recruitment process at our centers. We provided placements to more than 150 students in last 3 years.
